### GEORGIAN TRIANGLE HUMANE SOCIETY

The **GTHS** is a non-profit charity that operates an animal centre serving the entire south Georgian Bay region by providing shelter for homeless animals and adopting them to caring families. We offer innovative programs that enhance and support the human-animal bond. These programs include humane education, pet retention, access to veterinary medicine and animal transport for pets in need.

For over the past 20 years GTHS has provided over 10,000 homeless animals with forever homes by providing the care, medication and shelter necessary to aid in their adoption. Without any government funding, the Society has made an impact due to unwavering community support. Led by a volunteer Board of nine philanthropic and skilled members, the organization is fueled by 17 mission-focused staff members, 250 dedicated volunteers and over 2,000 annual donors that generously support the work.

After 20 years of service, the organization is celebrating a profound truth; compassion for animals is rooted in compassion for people. With this truth in mind, the Society is investing in responsible solutions and proactive initiatives that celebrate the human-animal bond and ultimately promote and inspire compassion in the community.

### ELLEN OELBAUM STYLIST

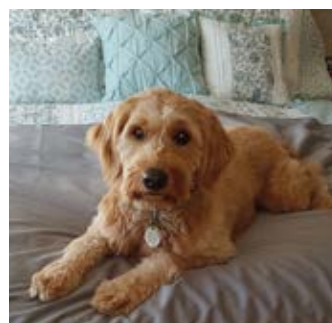

The real estate market is more competitive than ever. Standing out from the competition has never been more challenging or crucial to selling your home.

A well styled property appeals to the broadest audience possible. While each home is unique, the styling goal for all is similar: to simplify, brighten, and arrange to optimize flow, features, and space. You may ask...why use a stylist? It's simple, we see things from the photographer's eye – styling is all about visual perspective. At **Ellen Oelbaum Stylist** we achieve that goal. We specialize in working with existing furnishings, or by installing and arranging carefully selected pieces of furniture, accessories and custom florals. Interior styling and editing makes your home stand out online (where many home buyers do their shopping before deciding to see a home) and makes a better impression in person. Home styling is all about removing unnecessary distractions from a home and highlighting it's strongest assets. We bring a fresh, curated look to each of our interiors. If you're planning to list this fall...lets talk. We're here to assist you with the process. Together, let's give your home the best first impression.
